Whitehorse has a relatively small downtown core. If your accommodations are downtown, you may not need transportation to get to other downtown venues such as the Start Line, Yukon Quest events, and more. Taxis and a local transit system are also available.

Getting to and from checkpoints in the Yukon

By air

There are no commercial flights to Braeburn, Carmacks, or Pelly Crossing. However, there are flights between Dawson City and Whitehorse with Air North: 1-800-661-0407

BY PUBLIC TRANSPORTATION

The following outfits may be able to assist you in traveling between checkpoints during the 2017 Yukon Quest:

Black Bear Wilderness Adventures: (867) 633 3993 or 867-335-0461, www.tourtheyukon.com

NATURE TOURS OF YUKON: (867)660-5050, www.naturetoursyukon.com

DRIVING YOUR OWN CAR/RENTAL VEHICLE

If you are bringing your own vehicle or renting a car, access to the checkpoints is relatively simple, however distances can be long and road conditions can be difficult. Please use caution on the roads. Please note: vehicle rental agencies are only available in Whitehorse. Please make sure the vehicle is equipped for severe winter conditions: winter tires, ice scraper, and extension cord. Also make sure to inform the rental agency where you plan on driving so they can alert you to vehicle limitations. We recommend **Budget:** (867) 667-6200, www.budgetyukon.com
