Each musher agrees to read, understand, sign, have notarized and submit to YQI the Musher Release and Hold Harmless Agreement before the start of the race.

Further, each musher grants YQI the unqualified and unrestricted right to use any and all written information, photographs, video tape or other visual media of the musher, dogs and their support personnel taken during the YQ or any phase of the YQ, including scheduled events before or after the YQ, for promotional, revenue generating and/or other purposes, without compensation of any kind and without the right to approve the media or its usage.

YQI includes Yukon Quest International Association (Yukon); Yukon Quest International, Ltd. (Alaska) as well as all of their agents, officers, employees, sponsors and volunteers.

12. Musher's Report/Protest Form:

The Yukon Quest will only survive if the competition is conducted fairly and the dogs are well cared for and humanely treated. **It is the duty of every musher to report all violations of these Rules to the Race Marshal or Race Judges.** The forms for reporting violations or protests are available from the Race Officials and at checkpoints. Any Musher's Report/Protest Forms must be submitted to a Race Official within 48 hours of the final team crossing the Finish Line.

YQI will appoint an Appeal Board to conduct an informal hearing to make a decision. The decision of the Appeal Board is final. If the YQI Appeal Board finds the decision should be set aside, the musher so involved understands and agrees that the maximum financial recovery shall be limited to the prize money for the finishing position that the musher so involved could realistically have attained but for the action taken. The musher so involved further agrees that this remedy shall be the sole and exclusive remedy. In no event shall the musher so involved be entitled to incidental or consequential damages as they are outside the sole and exclusive remedy above provided.

14. Statutory Compliance:

Any musher who violates a state, territorial, national or international law while in the race may be disqualified if convicted. Hand guns are not allowed in Canada.

TRAIL PROCEDURE

CODE OF THE TRAIL: Competitive efforts in the spirit of the Yukon Quest are only valid if dog care is implemented at the highest level. A dog musher recognizes and accepts that honor on the trail is only achieved through the constant respect and care for the dogs. It is on this the mushers will be judged.

15. Common Start/Late Start:

Mushers must wear their Start Bib as they start the race. Failure to do so will result in a \$50 fine. Teams will leave the starting line at three-minute intervals. Any musher who cannot leave the starting line in the order drawn will be started after the scheduled departure time of the final team. Any team that cannot leave the starting line within 60 minutes of the last team's departure may be disqualified. The starting time differential will be compensated for during each team's mandatory 4 hour layover at TS1. For elapsed time purposes, therefore, the race will be a common-start event. Before the start of the race, YQI will give to each musher their total layover time at TS1.

16. Gear and Equipment:

a) Mandatory Gear when leaving the start line and arriving at the finish line.

The following items must be presented to the checker before the Race Start and at the Finish Line:

1. Proper cold weather sleeping bag.

3. One pair of adequate snowshoes with bindings, with a minimum area of approximately 250 square inches/1612 square centimeters each.

6. Functional cooker.

Mushers must have the above items in their possession at all times.

A fine of \$50 will be assessed for each item missing at the finish line.

Items other than mandatory gear but also associated with the safety of dogs and mushers (sled brakes, mittens, etc.), may be replaced with the approval of the Race Marshal or Race Judge. A fine of \$50 will be assessed for each item replaced.

b) Mandatory Gear Required only when leaving the Start Line:

1. Eight booties per dog. Booties may be on the dogs and/or in the sled.
2. A minimum of 2 litres of cooker fuel, which is judged sufficient to boil 6 gallons (two cookers) of water.
3. Adequate food for all dogs in the team must be carried when starting the race.

Mushers will not be allowed to check out of the start line until these items are in their sleds. If they must acquire these items from a source other than their drop bags, they will be assessed a \$50 fine per item.

c) Communication Devices

1. Personal Locator Beacons), SPOT, Satellite Emergency Notification Devices, etc. may be carried at the Musher's discretion. Activation of any such emergency beacon will constitute withdrawal from the race or will result in disqualification from the race.
2. GPS use is allowed.
3. Two Way Communication: Mushers may carry and use two-way communication devices. We cannot reasonably ensure enforcement of a ban on two-way communication. In order not to disadvantage mushers following the rule, we will not have the rule. There are also safety benefits to carrying two-way devices. And in certain situations having 2-way communication could benefit the race organization.

Carrying emergency food at all times, in addition to food for routine feeding and snacking, is strongly recommended. A map, compass, parka, human and canine first aid kits, flares, and dog blankets are also strongly recommended.

All mushers are expected to abide by these rules to ensure fair competition, and to demonstrate the honor and integrity which exemplifies the Yukon Quest.

17. Mandatory Stops:

There will be a total of 4 hours of rest taken on the Dawson Trail.

18. Race Course:

All teams must follow the trail as marked or as instructed by the Race Marshal.

19. Competitiveness Rule

The Race Marshal shall at any time withdraw or disqualify a Musher they feel is not making a true attempt at running a competitive race or is in a position to not keep up with the race thus endangering themselves, their dogs and/or causing undue burden upon the Yukon Quest organization. The Race Marshal shall make this call based upon the condition of the team, trail and weather conditions, attitude and skill level of the musher and the pace at which the team and other teams are traveling. Any musher whose conduct, lack of skills and/or conditioning of their team to meet trail conditions which would expose the team or musher to personal risk in the judgment of the Race Marshal, shall also be withdrawn or disqualified.

20. Standard Race Courtesy:

Standard race courtesy shall prevail. An overtaken musher and team must relinquish the trail at the request of the overtaking musher, except within 1 mile/1.6 kilometers of the Finish Line. Ski poles may not be used within 100 yards / 92 meters of another team.

21. Clearing the Trail:

Mushers setting up camp must clear the trail of their dogs and gear. Build fires a safe distance off the trail. Failure to do so may result in fines and / or time penalties at the Race Marshal's discretion.

22. Litter:

Litter of any kind may not be left along the trail or at cabins. Camps must be cleaned up before the team moves on. Excess food or gear may be given only to residents along the trail or to other mushers.

This is a historic trail, and its continued use for the race relies upon compliance with this policy. Failure to abide by this rule may result in disqualification, \$50 fine and/or 2hr time penalty at the at the finish line.

23. One Musher Per Team:

Only one musher per team is permitted, and that musher must complete the race with that team only.

24. Tampering:

No musher may tamper with another musher's dogs, food or gear.

25. Teams Tied Together:

Two or more teams may not, in any way, be tied together except to assist a musher in trouble at some immediate location. The mushers of any teams so involved must notify officials at the next checkpoint along the trail. A musher will not be penalized for helping another musher in danger for his/her life.

26. Outside Assistance:

No planned help is allowed throughout the race. No musher may receive outside assistance unless an emergency has been declared by the Race Marshal, or is subsequently so ruled.

Outside assistance is allowed for a team that is leaving the start line. Any person may assist a distracted, tangled or off course team if it becomes apparent that help is required for that team to enter or exit the start line and time station in a safe and orderly manner. This allowance is made in the interests of dog safety and is in consideration of the distraction of crowds, insufficient snow to hook down a team so the musher can untangle or redirect a team on their own.

No assistance which would result in competitive advantage may be accepted or solicited. Handlers are not allowed on the YQ100 Trail between the start and finish line.

27. Demand for Food and Shelter:

A musher may not make demands for food or shelter along the trail.

28. Killing of Game Animals:

In the event that an edible game animal (moose, caribou, elk, etc.) is killed in the defense of life or property, the musher must salvage the meat for human use before proceeding along the trail. A food animal must be gutted. This incident must be reported at the finish line. YQI will make arrangements for further salvage. Any other animal killed in defense of life or property must be reported to a Race Official.

29. Motorized Vehicles:

In no case may a musher accept assistance from any type of motorized vehicle along the trail (except as allowed under Rule 46). Pacing is prohibited.

30. Treatment of Dogs:

Treatment of Dogs: There will be no cruel or inhumane treatment of dogs. Dogs will not be compelled by any form of intimidation. Mushers are responsible for the health and welfare of their dogs. The Race Marshal or Race Judges in conjunction with a Race Veterinarian will have absolute authority over the dog teams. Their judgment as to withdrawal of a dog or dogs from the race, or any other conditions relative to dog care on the trail, shall be final. The health and condition of all dogs will be assessed at every checkpoint. Dogs may not be examined without the musher's knowledge (except for emergencies). Race Veterinarians in conjunction with the Race Marshal or a Race Judge may perform a veterinary exam or detain teams at any checkpoint or dog drop. No dog team will leave a checkpoint until the dogs in that team are fit to continue in the race.

31. Care and Feeding of Dogs:

All care and feeding of dogs will be done by the mushers only. Mushers may assist one another along the trail. On the trail, a musher may accept hospitality for themselves only. At no time during the race may a musher house dogs in heated shelters.

32. Dog Minimums and Maximums:

Mushers must start the race with no less than seven dogs and no more than ten dogs; and must finish with all dogs on gangline or humanely carried in the sled. Dogs may not be added to a team after the start of the race. An expired dog does not count as a dog for the minimum required. **Only dogs suitable for Arctic travel will be permitted to enter the race.**

33. Harnesses:

The neck (and breast panel where applicable) of all harnesses must be padded.

34. Marking/Tagging of Dogs:

35. Switching of Dogs:

Switching of dogs between teams will not be permitted after they have officially left the start line. 36. Hauling Dogs:

A musher may not allow any dogs to be hauled by another team. A musher's dogs hauled in the sled must be hauled in a secured, protected, humane manner.

37. Drugs:

The musher must have their dog team free of all prohibited drugs and foreign substances from the time of the Vet Check until released by a Race Veterinarian or Race Official after the team has finished the race. Dogs that are continuing in the race shall not receive any of the following:

1. Any substance by injection
2. Acupuncture
3. Cold laser therapy
4. Corticosteroids or anabolic steroids
5. Any seizure medications
6. Any other treatment or therapy that, in the opinion of the Head Veterinarian, is not in the best interest of a dog that is to continue on in the race.

The Head Veterinarian must be notified of any dogs receiving allowed medication to treat an existing medical problem and a statement from the attending veterinarian describing the diagnosis and treatment must be presented with the YQI health certificate.

If a Race Veterinarian finds it necessary to treat a dog with a prohibited drug, that dog must be dropped from the race.

The following drugs will be permitted subject to the approval of the official supervising Race Veterinarian:

1. Topical medications without steroids (note: DMSO is no longer allowed)

All other drugs and foreign substances are prohibited.

The musher is required to protect and guard their dog team against the administration, either internally or externally, of any foreign substance. **A positive test indicating the presence of a foreign substance shall give rise to a presumption that the musher has failed to meet the duties imposed upon them.**

Fines or penalties levied for violations of this rule shall be based on the seriousness of the offense and will be assessed after completion of the race. The Rules Committee will recommend fines or penalties to the Board of Directors for final decision.

The Racing Commissioners International Uniform Classification of Foreign Substances will serve as a guideline in establishing these penalties which may be as severe as disqualification and censure from future races.

38. Expired Dogs:

The death of any dog may result in the disqualification of the musher, and/or prohibition from entering future races. Any dog that expires during the race for any reason must be taken to the finish line and submitted to the Race Official, or it may be directly submitted to a Race Official at a sooner opportunity. If no Race Official is present, the dog may be submitted to a Race Veterinarian. A necropsy will be performed on all expired dogs by a licensed veterinary pathologist or veterinarian.

39. Unmanageable Team:

Outside assistance will be allowed only if a team is unmanageable. Whether a team is unmanageable will be ruled upon by the Race Marshal or Race Judge in each separate instance.

40. Team Configuration:

There will be no loose leaders; necklines are not required on leaders. All team dogs will be either attached to the towline, no more than two dogs abreast, or humanely hauled in the sled.

Mushers are required to be in possession of functional necklines for the entire team at all times. The use of necklines may be required for individual dogs, individual teams, or all teams, at the discretion of the Race Officials.

Dogs may not be led behind the sled.

41. Lost Team:

A lost team's musher will not be disqualified if the musher regains control of the team. The team and musher must complete the entire race trail. Anyone may stop and secure a musherless team or loose dog. The musher may continue the race after their team is recovered, whether it is on foot, with assistance from another musher or motorized vehicle. Motorized assistance must be reported to a race official at the finish line. If motorized help is used and advantage gained, the Race Marshal may impose appropriate sanctions.

42. Scratch / Withdraw / Disqualification:

All decisions by the Race Marshal and / or Race Judges shall be final.

All Scratched, Withdrawn, and Disqualified teams must have a complete vet check prior to being released from the race. Failure to do so may result in a \$50 fine.

a) **Scratch** - Mushers wishing to end their participation in the race may do so by filling out and signing a Scratch Form and submitting it to a Race Official or checker. Mushers are responsible for making their own arrangements for retrieving personal gear. Items remaining become the property of YQI.

b) **Withdraw** - A team may be involuntarily withdrawn from the race by the Race Marshal. This decision would be made to protect the dogs, the musher, or the event itself, and does not imply deliberate misconduct or rule violation.

c) **Disqualification** - Failure of a musher to comply with the published Rules of General Race Procedure and/or Trail Procedure may result in disqualification, monetary fine, time penalty, or a combination of these measures. Disqualified mushers will forfeit all placements and monetary values

43. Finish:

Mushers must wear their Finish Bib as they cross the Finish Line. Failure to do so will result in a \$50 fine. The time of a team's official finish is when the nose of the first dog crosses the finish line.

Any mandatory gear missing at the finish will result in a \$50 fine per missing item.

Dog teams must remain within the finish staging area until the final veterinary exams are performed and the vet book is signed by the Race Veterinarian and Musher. The team will then be released by the Race Marshal, a Race Judge, or a Race Veterinarian.

44. Sportsmanship:

The Code of the North dictates all travelers be courteous, helpful, generous and honorable. Conduct yourself well enough so the next musher will be welcomed with equal hospitality.

Rude behavior or inappropriate actions by a musher or handler may result in a penalty, withdrawal, or disqualification. This includes any publication, sharing, posting or comments deemed false, derogatory or negative towards any musher, race personnel, volunteer, the Yukon Quest organization or their supporters. The rule is in effect from musher sign-up until 30 days after the finish banquet.

Any competitor or athlete worthy of the name realizes that all people—officials, volunteers, sponsors, media, and fans—are equal participants in this event, and that it is the musher’s responsibility to define the upper limits of human performance. A true Sportsman is an inspiration to all witness.
