Board Member Introduction

Please create a short biography introducing you to the membership and addressing the following questions. Your exact response (up to 200 words *) will be in the ballot mail-out that informs voters of your qualifications and commitment.

1. What is your vision for the Yukon Quest?
2. How does your vision mesh with the goals of the Yukon Quest as stated in the Mission, Vision and Core Values listed on our website?
3. What background, experience or skills do you have to help the Yukon Quest accomplish those goals (running a business, devising and executing strategy, international relations and PR, understanding risk and emergency management, experience in building stakeholder relationships and fundraising strategies, etc.)?

The following information will be used by the Nominating Committee only. It will not be shared or published.

Please answer the following questions (yes or no).

1. The board of directors meets once per month for approximately five hours, can you commit to this?
2. Are you comfortable fundraising, asking for money, or selling raffle tickets?
3. Do you have experience with budgets and revenue generation?
4. Do you have a valid passport and can you travel to Canada without restrictions?
5. Are you capable of fulfilling your duties as a board member without compensation?
6. Are you comfortable expressing your opinion?

Please give a short answer to the following questions.

1. Where do you see the Yukon Quest being now and three years from now?
2. How would you expand the race in the public eye to reach a greater audience and garner more sponsorship?
3. What are your hobbies, interests or professional affiliations?
4. Why do you want to be a board member?
5. What do you think is the most important quality for a board member to have?
6. How much time can you commit to the Yukon Quest monthly?
7. Can you accept others' opinions? Can you give us an example of your "team player" abilities?

**Biographies longer than 200 words will be edited by the Nominating Committee to meet space requirements.*
