

Traveling the Yukon Quest

In the Yukon

Getting to Whitehorse

From Canadian Locations

Book your flight to the Yukon with **Air North, Yukon's Airline - Official Quest Fest & Yukon Airline Sponsor**. Air North has direct flights to Whitehorse from Vancouver, Calgary, and Edmonton. All volunteers and fans can use the following discount code to get 10% off their flights to Whitehorse! (Some restrictions apply.)

Discount Code: QUEST2019 or call 1-800-661-0407 ext. 1 to speak with a booking agent. Valid for travel between January 19th, 2019 - February 25th, 2019.

From Anywhere in the World

Use Klondike Travel, "The Yukon Quest's One Stop Travel Shop – Klondike Travel". Klondike Travel offers special rates and discount codes for airfares and/or accommodations and waives booking fees if connecting and booking Air North flights. Contact klondike@fcatravel.ca or call toll free 877-668-5655

Getting around Whitehorse

Whitehorse has a relatively small downtown core. If your accommodations are downtown, you may not need transportation to get to other downtown venues such as the Start Line, Yukon Quest events, and more. Taxis and a local transit system are also available.

Getting to and from checkpoints in the Yukon

By air

There are no commercial flights to Braeburn, Carmacks, or Pelly Crossing. However, there are flights between Dawson City and Whitehorse with Air North: 1-800-661-0407 ext 1.

By public transportation

The following outfits may be able to assist you in traveling between checkpoints during the 2019 Yukon Quest:

Black Bear Wilderness Adventures: (867) 633-3993 or 867-335-0461, www.wildernessyukon.com

Nature Tours of Yukon: (867)660-5050, www.naturetoursyukon.com

Northern Tales: (867) 667-6054, info@northerntales.ca

Driving your own car/rental vehicle

If you are bringing your own vehicle or renting a car, access to the checkpoints is relatively simple, but distances can be long and road conditions difficult. Please use caution on the roads. Please note: vehicle rental agencies are

only available in Whitehorse. Please make sure the vehicle is equipped for severe winter conditions: winter tires, ice scraper, and extension cord. Also make sure to inform the rental agency where you plan on driving so they can alert you to vehicle limitations. We recommend **Budget**: (867) 667-6200, www.budget.com
